SUBJECT: SIG Meeting on Somalia, January 29

SUMMARY OF CONCLUSIONS

A Senior Interdepartmental Group (SIG) meeting on the question of military assistance to Somalia concluded that \$10 million in FMS funding should be incorporated for Somalia in the projected \$112 million supplemental budget request. The Defense representative stated that DOD would reach conclusions in two weeks on an appropriate assistance package based on Somalia's needs as expressed during Defense Minister Haji's visit to Washington and the U.S. assessment of how visible improvements can be introduced rapidly. Defense is also discussing a plan to purchase Soviet equipment captured by the Somalis which could provide \$5-\$10 million in immediate cash. The SIG agreed to examine ESF possibilities, as well as the problem of allaying Kenyan concerns over expanded U.S. military assistance to the Somalis.

ACTION ASSIGNMENTS

State will insure that the SIG decision concerning \$10 million in FY82 FMS for Somalia is taken into account in planning for a supplemental.

Defense will continue its survey of assistance options and a purchase of captured Somali equipment. The IG will examine the use of ESF and the problem of Kenyan sensibilities.
